

# SLIM ALARM VIBRATION

## DX-161V

### FEATURES

- Ultra slim in size design
- Sensitive vibration sensor built-in
- The perfect guarding device to detect if intruders' break in from the window of your house, apartment, bathroom, store, office, or hotel rooms while you're at home, work or on a trip!

### PACKAGE INCLUDES

- SLIM ALARM (VIBRATION)...1PC
- AG 13 BUTTON CELLS...3PCS

### INSTALLATION

- Attaching the alarm on the window by using double-side tape on the back.

### BATTERY INSTALLATION

- Slide down the battery cover on the front panel.
- Follow the polarity instruction inside of the battery compartment, then install 3 fresh AG13 (LR44) button cell (included)
- Slide up the battery cover gently.

### OPERATION

- Slide the ON/OFF switch to ON.
- After 5 seconds of LED flashing, a short beep will be heard. Now, the Slim Alarm is ARMED.
- The alarm will sound immediately for 20 seconds once the alarm detects window's vibration or shacking. Alarm will be back to ARMED status after activation.
- You can stop the alarm at any time by sliding the switch to OFF.
- When alarm is ARMED, if the LED stays ON, this is referring that battery power is low. You need to replace fresh batteries.

### NOTE
